SCHOOL

## Holiday Club Workshops

### Storytellers

Discover a world of mystery, fantasy and adventure, reading and discussing new exciting story books. Learn the art of storytelling and wow your friends and families with your new-found skills. This is a fantastic grounding for story writing in the higher years.

### Monster Maths

Looking at mathematics through a completely different lens. Who knew maths could be fun and exciting! Explore the many ways maths can be applied to the real world through shopping, measuring, timing and much, much more.

### Creative Writing

Ever wondered why Roald Dahl's books are so fun to read? Or why Harry Potter is so exciting? Creative writing looks at famous authors and shows you all the tricks to create suspense, set a scene and capture your reader's attention and imagination.

### Super Science

How do magnets work? How do you make a tie-dye T-shirt? What happens if you put sodium in water? Super Science will look at many exciting and thrilling parts of science capturing many aspects across the disciplines of Biology, Chemistry and Physics.

### Gymnastics

Gymnastics at the holiday club will be overseen by our highly trained Gymnastics coach. Work on your skills, in a safe and controlled environment. Movement, rotation, balance, rhythm and technique will all be explored, allowing the children to practice with confidence and with smiles on their faces.

### Problem Solver

Got a problem? Get your kids to solve it! Super fun activities will get the children's minds working double time! Children will be given intriguing challenges to try and solve, using teamwork and intellect to find the answer. Get your thinking caps on and channel your inner Sherlock Holmes.

### Arts, Crafts and Drama

For the Arts and Crafts feature, you will have the opportunity to experiment with a wide range of materials to draw, paint or even sculpt. Then in our drama workshop, you will be able to learn all sorts of acting and presentation skills, giving you a head start for School reviews, assemblies and plays.

### Team Games

Team Games is a fun, active and teamwork-driven course, that will engage the children in ways they may not have experienced before. From Night Patrol (a super-fun obstacle course, played in the dark) to Lemon Drop (a teamwork-based activity for all ages), the children will learn new ways of communicating effectively, while having more fun than they've ever had before!

### Cookery Masterclass

MasterChef – eat your heart out (excuse the pun)! Whether it be making the perfect lasagne or the chocoholic's dream cake, this cookery workshop will train you in all the essential skills to create a variety of culinary delights.
