- Work booklets
- Email
- Past and mock exam papers
- Current online learning portals
- Educational websites
- Reading tasks
- Live webinars
- Pre-recorded video or audio lessons
- Atom Learning

The school will review and source a range of educational resources to assist with the delivery of remote education, and utilise these as appropriate.

Reasonable adjustments will be made to ensure that all pupils have access to the resources needed for effective remote learning. Teachers will ensure the programmes chosen for online learning have a range of accessibility features to support pupils with SEND.

The arrangements for any 'live' classes, e.g. webinars, will be communicated via Google Classroom.

The school recognises that interactive lessons are most effective in aiding pupils' motivation and academic progression and, to this effect, teachers will ensure they regularly recreate aspects of in-person interactivity, e.g. live classes with questioning, eliciting and reflective discussion, to the best of their ability.

Lesson plans will be adapted to ensure that the curriculum remains fully accessible and inclusive via remote learning. The school will review the resources pupils have access to and adapt learning to account for all pupils needs by using a range of different formats.

Lengthy or open-ended projects and research activities will generally be avoided, with the school prioritising more interactive, teacher-led approaches to delivering the school's planned curriculum. Any teaching plans that involve lengthy or open-ended projects and research activities will be approved only if the Head is satisfied that they are likely to lead to strong progress or outcomes.

Work packs will be made available for pupils who do not have access to a printer – these packs can be **collected from school**.

Sensitive data will only be transferred between devices if it is necessary to do so for the purpose of remote learning and teaching. Any data that is transferred between devices will be suitably encrypted or have other data protection measures in place so that if the data is lost, stolen, or subject to unauthorised access, it remains safe until recovered.

Parents' and pupils' up-to-date contact details will be collected prior to the period of remote learning. All contact details will be stored in line with the Data Protection Policy and retained in line with the Records Management Policy. The school will not permit paper copies of contact details to be taken off the school premises.
