Co-Curricular Overview

Welcome to Hurlingham School's co-curricular activities. Through the following pages you will see what is on offer for each year group for Autumn Term 2025.

We hope you feel inspired and excited about all the clubs we have to offer.

Please take your time to read through the clubs available and the times the clubs will be.

When selecting your clubs, do make sure you watch out for any potential clashes, as there is just not enough time in a school week to fit them around one another. Further to this, play and social interaction are also highly valuable for the children, so please remember this when signing up for lunchtime clubs.

Remember, many of our clubs have a maximum limit, so make sure to sign up quickly so your child does not miss out.

We like to encourage consistency and commitment, therefore once signed up to a club, you will be charged for the term. If you chose not to continue with a club during the term, you will still be charged for the whole term.

You will notice the clubs have different dismissal times; please ensure you pick up at the correct time and if you have more than one child participating in a club, at the earliest dismissal time to avoid congestion when dismissing.

Please note, clubs will begin the week commencing the 8th September. Half term is Monday 20th October through to Friday 31st October. The last week of clubs will be the week commencing the 1st December (leaving the remaining week of term free in the event of catch-up clubs).

No After-School Clubs will take place on Thursday 9th October and Tuesday 14th October due to Progress Evenings taking place.

Please note that the signup for the clubs will open on SchoolsBuddy at **6pm on Monday 16th June**. Our club signups are all subject to our terms and conditions, which are available on our website. *We would encourage you to read these carefully.*

Year 1 & 2

Year 2 Morning Club

Popstars

An exciting new club where children will sing and dance their heart out to their favourite pop songs! Perfect for all abilities, children will learn to work as individuals and as part of a team to perform fun, dynamic routines as we work towards an informal end of term show for the family. They will unlock their own creative flair and build their confidence in movement and performance.

Join us on Wednesday mornings for a LOAD of fun and release your inner Pop Star!

Hairbrushes optional! Run by an external provider. Available to Years 2 to 6.

LOWER SCHOOL SCIENCE CLUB

We are excited to announce that we have teamed up with Little House of Science! The Science Club will focus on teaching Life, Earth, and Physical Sciences - covering biology, chemistry, physics, engineering, and robotics. Each week a new topic will be introduced filled with exciting, risk-free experiments and demonstrations. The teachers, who are educators with a scientific background, ensure that every child enjoys a thrilling, fun environment that nurtures creativity and expands knowledge. By equipping children with scientific understanding in an engaging way, it will help develop critical thinking and problem-solving skills.

To keep parents fully informed and engaged, weekly parental notes summarising the topics covered and key learning points are provided so that families can follow along, reinforce ideas at home, and share in their child's scientific journey. Club for Year 1 and 2.

Tuesday	3:30pm—4:30pm	£252 for the term
---------	---------------	-------------------

MADD

Music, Art, Dance and Drama is an essential part of a child's development and self-discovery. They will have the option between the different components and are welcome to change every term. All of the different components will happen on the same day, therefore making decision-making an important part of the process when deciding on which activity your child might like to do.

---------	---------------	-------------------

POKEMON CLUB

Pokemon club provides a fun and interactive space where kids can learn, play, and trade Pokémon cards. By participating in the club, children not only engage in a popular and exciting game but also develop important skills. Through gameplay, they enhance their critical thinking, problem-solving, and strategic planning abilities. The club also fosters social interaction and teamwork as children make new friends who share their passion for Pokémon. Additionally, it nurtures creativity and imagination as kids design their own decks and explore unique playing styles. Join our club and embark on a Pokémon-filled adventure!

Wednesday	4:00pm—5:00pm	£66 for the term

Literature Circle Autumn 2025 - Booking deadline Monday 23 June 6pm

Dear Parents

Following the success of the Literature Circle in the Summer Term, I will be running the club again in the Summer Term for Year 6 pupils, every Thursday, 4-5pm.

Membership of the Literature Circle will be open to all Year 6 children. The children will need to read eight books during the course of the Summer holidays and Autumn Term, so that they arrive ready and able to share their ideas at each Literature Circle meeting.

To ensure that we have the books available before the end of the Summer Term, we will need parents to sign their child up for the Club by 6 pm on Monday 23 June via Schools Buddy.

We will purchase the books for your child and all books will be given to the children before the end of the Summer Term. We are able to offer a reduction on the RRP of the books, which will be billed as part of the club fee.

I am very excited to hear your children's views on these brilliant books. If you have any questions regarding Literature Circle, please do not hesitate to contact me.

With best wishes

Tom Mann
Librarian & Form 4 Teaching Assistant
